

## **Kathryn Carlson - Ukelele**

### **Beginning Ukulele:** Taught both Friday and Saturday

Those who would benefit from this class are individuals who have never played as well as those who know a few chords. Basic techniques taught will include: tuning, holding the ukulele, easy chords, and simple strumming techniques and more. Students will learn several simple songs.

### **Intermediate Ukulele:** Taught both Friday and Saturday

Those who would benefit from this class would be individuals who have a basic chord knowledge and skill. The beginner who is a quick learner may enjoy this class as well. Advanced chording including bar chords will be taught along with more advanced strumming techniques. Music theory for the ukulele and several songs using the advanced chords will be taught.

### **Advanced Ukulele:**

A challenging class that goes further into music theory for the ukulele. Advanced jazz chording will be taught along with finger picking and jazz strumming styles. Use of Low G string to enhance jazz chords will be demonstrated. If time allows, we will work on playing lead for jazz and blues.
